

NEW -- Vida Repairs HP/Agilent A10, A12 RHYTHM Assemblies

VIDA Products, Inc. can repair your HP/Agilent RHYTHM / SBTX Assemblies for the 856x-series spectrum analyzers

We have repaired many of these assemblies for Calibration Labs and Test Equipment Dealers. We charge a fraction of what the factory charges, and we offer the same 90-day warranty on our work.

We have also repaired other HP/Agilent YIG-based assemblies and components. Please contact us if you have a SYTF, SYTM or YIG oscillator that needs repairs.
